151,00 sf

Project Cost

\$40 million

With three floors, the Kaiser Sunnybrook Medical Center contains eight operating rooms, a large post anesthesia care unit and four procedure rooms. The facility also houses over 80 clinician offices, exam rooms and clinical areas for various specialties, including gastroenterology, general surgery, physical therapy, pharmacy, radiology, and orthopedic and audiology labs.

The new Sunnybrook Medical Office is located next to Kaiser Sunnyside Medical Center.
